
Refund & Return Policy

Effective Date: June 10, 2026 | Last Updated: June 10, 2026

Thank you for choosing our app. We are committed to delivering quality products and outstanding service. This policy explains how we handle refunds and returns for orders fulfilled through **CJ Dropshipping**, our trusted global sourcing and logistics partner. Please read it carefully.

1. Our Commitment to You

We want every customer to be satisfied. All refund and return requests are reviewed fairly and in good faith, in accordance with this policy, CJ Dropshipping's supplier guidelines, and your rights under Swedish and European Union consumer protection laws (including the 14-day right of withdrawal for distance contracts and remedies for faulty goods). This policy does not limit your statutory rights.

2. When You Are Eligible for a Refund or Return

You may request a refund or return in the following situations:

- **Damaged, defective, or poor quality items** — Clear photos or videos of the issue are usually required.
- **Wrong item or incomplete order** — We sent something different from what you ordered.
- **Order not received** — The package was not delivered within the expected timeframe according to CJ Dropshipping's shipping estimates and policies.
- **Significant quality issues** — Items that do not reasonably match the product description (with supporting evidence).

Change of Mind / Buyer's Remorse

Requests due to change of mind, wrong size or color selection, or simply not liking the product are considered on a case-by-case basis. We may offer a full refund, partial refund, store credit, or replacement. We encourage you to carefully review product images, descriptions, and size charts before purchasing.

3. How to Request a Refund or Return

For the fastest and most secure handling, please submit your request directly through the app:

1. Log in to your account and navigate to **My Orders**.
2. Select the order you wish to return or refund.
3. Tap **Request Refund / Return**.
4. Choose the reason from the dropdown menu and provide a clear description of the issue.
5. Upload photos or videos showing the problem (strongly recommended and often required for approval).
6. Submit the request. You will receive a confirmation.

Our support team will acknowledge your request within 1–2 business days and provide a decision within 3–5 business days. Complex cases involving CJ Dropshipping may take longer while we coordinate with the supplier.

4. Return Shipping & Process

If your return request is approved, we will provide return instructions and, where applicable, a return authorization or shipping label details.

- Most returns are directed to CJ Dropshipping's warehouse in China.
- **Return shipping costs** are generally the customer's responsibility, unless the return is due to our error or a qualifying defect covered by CJ policy.
- We recommend using a trackable shipping service and keeping proof of postage.
- Items should be returned in as close to original condition as possible.

5. Refund Processing Time

Once your refund is approved:

- Refunds are issued to the **original payment method** used at checkout (credit/debit card, PayPal, Apple Pay, etc.).
- Processing typically takes **5–14 business days** after approval, depending on your bank or payment provider.
- You will receive an email notification when the refund has been processed.
- Note: CJ Dropshipping issues refunds to us (the merchant) for qualifying supplier issues. We then process your customer refund directly.

6. Time Limits for Requests

To be eligible, refund and return requests should generally be submitted **within 30 days** of the estimated delivery date or actual receipt of the item (whichever is later). For quality or damage issues, reporting sooner (ideally within 3–7 days of receipt) significantly improves approval chances and aligns with CJ Dropshipping's supplier timelines.

7. Cases Where Refunds or Returns Are Typically Not Approved

We are generally unable to approve requests in the following situations:

- Incorrect shipping address provided by the customer.
- Items that have been used, washed, modified, or show signs of wear (unless clearly defective).
- Requests submitted without adequate evidence for damage or defect claims.
- Orders that fall outside CJ Dropshipping's dispute window or policy exclusions (certain shipping methods, destinations, or order types).
- Personalized or custom orders (if offered in the future).
- Requests made significantly after the delivery window without valid reason.
